Art Unit: 2664

DETAILED ACTION

Election/Restrictions

- 1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1 and 24-32, drawn to communication between a wire-line and a wireless system, classified in claims 370, subclass 401.
 - II. Claims 2-5 and 33-42, drawn to communication over wireless LAN, classified in class 370, subclass 338.
 - III. Claims 6-10 and 43-55, drawn to convert data from a protocol of a first system to adapt with another protocol applied in another system, classified in class 370, subclass 466.
 - IV. Claims 11-23, drawn to input/output interface of a data communication system, classified in class 370, subclass 419-420.

The above inventions are separate, distinct and independent from each other because of the following reasons:

Because these inventions are distinct for the reasons given above and the search required for each group is not required for each other groups, restriction for examination purposes as indicated is proper.

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated in proper.

Art Unit: 2664

2. A telephone call was made to Aaron Bernstein on 8/4/05 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Chirag G. Shah whose telephone number is 571-272-3144. The examiner can normally be reached on M-F 8:30-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Wellington Chin can be reached on 571-272-3134. The fax phone number for the organization where this application or proceeding is assigned is 703-272-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
